Joseph Ehis Irabor

FRONTEND ENGINEER

Frontend Engineer with 6+ years of experience building responsive web and cross-platform applications. Skilled in React, JavaScript, HTML5, CSS3, Flutter, API integration, state management, authentication, testing, and cloud deployment. Experienced in turning designs and requirements into scalable, maintainable applications.

Skills

- **Frontend:** React, JavaScript, HTML5, CSS3, responsive web development
- **Mobile:** Flutter, Dart, cross-platform Android and iOS development
- **State & APIs:** Redux, GetX, Provider, Riverpod, RESTful APIs
- **Testing:** Unit testing, integration testing, performance testing, Flutter DevTools
- **Cloud & Deployment:** AWS, Azure, on-premises application deployment
- **Backend & Data:** PHP, MySQL
- **Design:** Figma, Sketch, Adobe Creative Suite, UX/UI prototyping

Experience

Front-End Developer
Prime Wave
Mar 25 - Jun 26

- Developed modular and scalable Flutter applications using MVC/MVVM patterns and separation of concerns.
- Integrated Firebase, Paystack and Google Maps services and SDKs to extend application functionality.
- Tested and debugged applications with Flutter DevTools and unit tests to improve reliability before deployment.

Front-End Developer
Zoan Technology
Jul 24 – Feb 26

- Built and maintained cross-platform mobile applications with Flutter and Dart for Android and iOS.
- Translated Figma prototypes into responsive interfaces and custom widgets with close attention to visual detail.
- Integrated RESTful APIs and managed application state with GetX, Provider and Riverpod.

Front-End Developer
Briskita
Mar 24 – Jun 24

- Redesigned the user interface of an e-commerce website, contributing to a 15% increase in sales.
- Built responsive web pages with HTML5, CSS3 and JavaScript for consistent behavior across devices and browsers.
- Created wireframes and prototypes to visualize and test interface concepts.

Front-End Developer
Prifina
Nov 22 – Feb 23

- Built dynamic single-page applications using React and Redux.
- Assisted with mentoring junior developers, providing guidance on coding standards and development practices.
- Designed and implemented A/B tests to evaluate new features and interface designs.

Web Developer
Semantic
Nov 21 – Jun 22

- Conducted unit, integration and performance testing of web applications against quality standards.
- Deployed and maintained web applications on AWS and Azure cloud infrastructure.
- Deployed and maintained web applications on on-premises servers, with attention to uptime and performance optimization.

Experience

Web Developer

Linxcom

Nov 19 – Oct 21

- Developed and maintained web applications using Java, HTML5, CSS3 and JavaScript.
- Created responsive interfaces that adapted to different screen sizes and devices.
- Implemented user authentication and authorization systems to protect user data and manage access permissions.

Education

Bachelor of Science in Computer Science

National Open University [NOUN]

Aug '14 – May '18

Certificates

Certificate of Completion UX Design,
Certificate of Completion Web Programing
